

FACTORY MES

PRODUCTION, QUALITY AND C.I.
ALL IN ONE PLACE

Aptean Factory MES (FMES) provides an out-of-the-box solution that enables companies to measure and manage production and quality compliance in real-time. By replacing non-value-added paper systems with user-friendly technology, FMES provides a framework to drive continuous improvement (C.I.) and collaboration across your organization.

GO PAPERLESS IN 30 DAYS

PRODUCTION METRICS & QUALITY COMPLIANCE IN REAL-TIME

DRIVE COLLABORATION & C.I.

DELIVER RAPID ROI \$ WITHIN 90 DAYS

“The FMES solution helps our production and quality teams collaborate because they communicate directly with the operators and supervisors.

From an efficiency, downtime tracking and quality perspective, the system has all the functionality in one place that we really need.”

- Plant Manager, Dairy

INCREASE EFFICIENCY

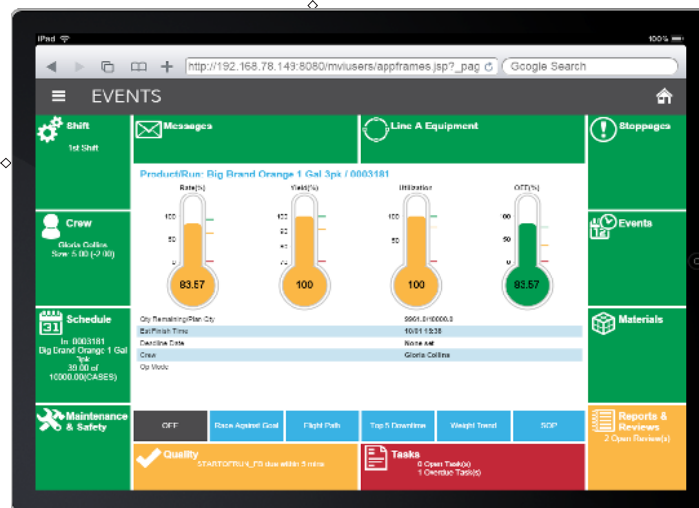

Automated, real-time monitoring of line efficiencies, together with intuitive dashboards, allows users to collaborate and drive improvements in metrics such as OEE and schedule attainment.

DRIVE REAL-TIME COMPLIANCE

Built with a full suite of SPC tools, FMES quality allows users to track compliance and manage by exception in real-time. Intuitive dashboards offer preventative controls that align to initiatives such as SQF, FSMA, BRC and GFSI.

DELIVER RAPID ROI

Go live in under 4 weeks. Using out-of-the-box templates, together with guidance from our C.I. coach, we enable your teams to realize rapid efficiency uplifts that impact the bottom line.

Aptean provides very specific industries with very specific ERP, supply chain management, and customer experience solutions. In today's fast-paced, highly competitive economy, organizations don't have time to waste forcing homegrown software, spreadsheets, and one-size-fits-all solutions to do things they were never designed to do. Aptean is on a mission to end those workarounds - with industry-specific solutions instead of generic software, expert support instead of making you go it alone, and a steady influx of new ideas instead of the status quo.
