

Aptean Compiere ERP

Open Source ERP and CRM Solution

Aptean Compiere ERP is an integrated, open source enterprise resource planning (ERP) and customer relationship management (CRM) solution that helps streamline your operations and gives you the flexibility to run your business your way. Use Compiere to automate your financial, distribution, sales and service processes quickly, affordably, and easily.

User-Friendly and Adaptable

Aptean Compiere ERP provides organizations with user-friendly, flexible tools that optimize processes across the enterprise. Key functionality includes:

- **Multisite Enterprise Resource Planning (ERP)** – Streamline and automate your critical business processes – from production to warehouse management.
- **Order Management & Financial Management** – Accelerate the processes required for quote creation, sales order management, invoicing, and global financial management.
- **Customer Relationship Management (CRM)** – Streamline your sales, marketing, and service operations and gain a 360-degree view of customer interactions.
- **Performance Management, Analytics, and Reporting** – Examine operational performance with a range of reporting options and customizable, role-based management dashboards.

For more information, contact your account manager or email us at info@aptean.com.

Benefits

- Streamline and automate key business processes
- Optimize warehouse efficiency
- Centralize enterprise data
- Visualize key performance metrics
- Support multi-language and multi-currency requirements

Aptean provides very specific industries with very specific ERP, supply chain management, and customer experience solutions. In today's fast-paced, highly competitive economy, organizations don't have time to waste forcing homegrown software, spreadsheets, and one-size-fits-all solutions to do things they were never designed to do. Aptean is on a mission to end those workarounds – with industry-specific solutions instead of generic software, expert support instead of making you go it alone, and a steady influx of new ideas instead of the status quo.
